

「Participating in Singapore International Water Week 2010」

We will participate in the "Singapore International Water Week 2010" in Singapore held from June 29th to July 1st, 2010 at Suntec Singapore International Convention and Exhibition Centre.

In this Exhibition, we will show our newly-marketed hollow fiber ultrafiltration (UF) membrane module for municipal water supply and proven hollow fiber reverse osmosis (RO) membrane module which has been used for sea water desalination around the world.

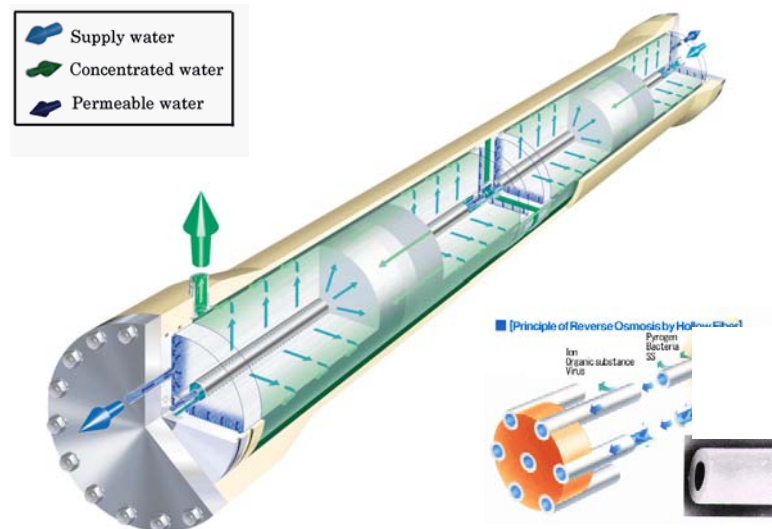

We would like to welcome you and hope you to drop in at the booth of Toyobo in the case of attendance.

Date : June 29th – July 1st ,2010

Location : Suntec Singapore International Convention and Exhibition Centre

Exhibits :

- Hollow fiber UF membrane module
and RO membrane module <Panel>
- Hollow fiber RO membrane module
